# MANAGING DIRECTOR'S MESSAGE

## Dear Parents and Educators

Finding an apt college in India and abroad is indeed an intimidating errand. The list is so immense that it becomes very intricate to decide just the right one for a particular student. Not in all the cases can you rely completely upon the word of mouth recommendation. In some ways choosing a college is a bit like a "Lucky Dip".

We have expertise in catering to the needs of individual students. I can guarantee that the students with whom we work will begin to realize the idea that they find the right kind of college much more quickly

As a parent whose child is enrolled at Career Guardian, you present your child with a golden opportunity to shape up his/her career. You can be best assured that your child will get the best attention and benefit from his experienced educator, tutor, consultant and administrator.

Career Guardian involves you in making a substantial investment in your child's future.

As your child's mentor we shall be working regularly through a one-on-one custom-designed counseling program specifically geared towards enhancing your child's strengths, addressing your child's weaknesses and increasing your child's confidence. We shall be available round the clock in order to provide you with meaningful feedback on your child's progress.

I am proud of all the students we have sent for India & abroad and those who to apply for.

With Best Wishes

A D Rajput  
Managing Director

## WHO WE ARE

### ABOUT US

When the discussion is related to the India's leading corporate organization in educational consultancy, the one name, which finds its place at the top, is Career Guardian. Our main focus is to transfigure the opinion that Indians have, when it comes to make the career decision and embryonic their professional lives.

The organization is well-organized by a huge team of highly qualified and dedicated counselors and support staff, under the guidance of Mr. A.D. Rajput. Career Guardian is ruling over the world of educational consultants as in 2008, 80% of pan India MBA Admissions under NRI/Management quota have been done through Career Guardian in top 20 B-Schools.

We are sincerely devoted to make students aware about the latest trends in Career and Higher Education options. We also assist them by providing proper career guidance. Constant research keeps our database full of latest information, which helps the students to assess the best knowledge regarding his/her career.

## TESTIMONIALS

- Through out the year, I had been very careless as I was very clear about my NRI ward status and thought that I would get admission in any top college of my choice, just before the start of the session. But when I contacted Career Guardian guys just for the free information session, then I got astonished to know that today for any and every B-school, even for NRI quota, there is a tedious admission process. Career Guardian had advised me the focused list of institutions matching with my profile and cut short my tension and expected failures. Three cheers to these bosses!!

- I used to think that admission in management quota is the easiest task and We can grab a seat any time round the year. But after meeting the Career Guardian counselors, I came to know that even in the management quota there are only a few seats in most of the colleges. In the top colleges, the booking is started with the issuance of the form only. So Career Guardian helped me in booking a seat in the early hours and hence I could get a seat easily in my dreamed institution.
